Online Safety

We been asked to share the following information:

'West Midlands Police has been made aware of an App called "UNICO LIVE". The app is publicised as age restricted 12+ and designed for young people to upload videos of them performing, singing and dancing etc. It has come to our attention that there is inappropriate content on the platform involving young people which is being investigated.

The content does not appear to be monitored and we urge you to raise awareness widely to increase vigilance and reduce the likelihood of any child being sexually exploited.'

Healthy Lunches

It has been noticed that some children are coming to school with unhealthy packed lunches. It is really important that children eat a well-balanced diet. The short term effects of unhealthy packed lunches and food intake can include poor growth, tooth decay, obesity, anaemia, constipation, poor concentration and behavioural problems which may have an impact on a child's learning. The longer term effects of a poor diet in childhood can be an increased risk of stroke, cancer, heart disease and diabetes in adulthood. We want our children to be super-healthy and ready to learn so please try to make their lunches boxes as healthy as possible.

Home Reading

As you know we really value reading at Our Lady's and we try to regularly hear the children read in school. The children should also be reading every day at home and we ask that diaries are signed by an adult to show this. We will be checking diaries every week.

Assemblies and Performances

As we get nearer to Christmas and are looking forward to our Nativity performances, can I ask parents and carers to be considerate of other parents, and the children who have worked so hard, by not talking during the performance. Similarly, can I ask that parents avoid talking during Celebration Assembly so that the children can be heard.
